Why git 😊

HoW Work With it

Deeper in git

Part 1

without version control

Version Control

(The non-developer way)

Git

Decentralized

Small repo
size

Everyone use
Git 😊

Faster

Other tools

- Subversion (SVN)
- Mercurial(HG)
- Bazaar
- Perforce

Git basic command

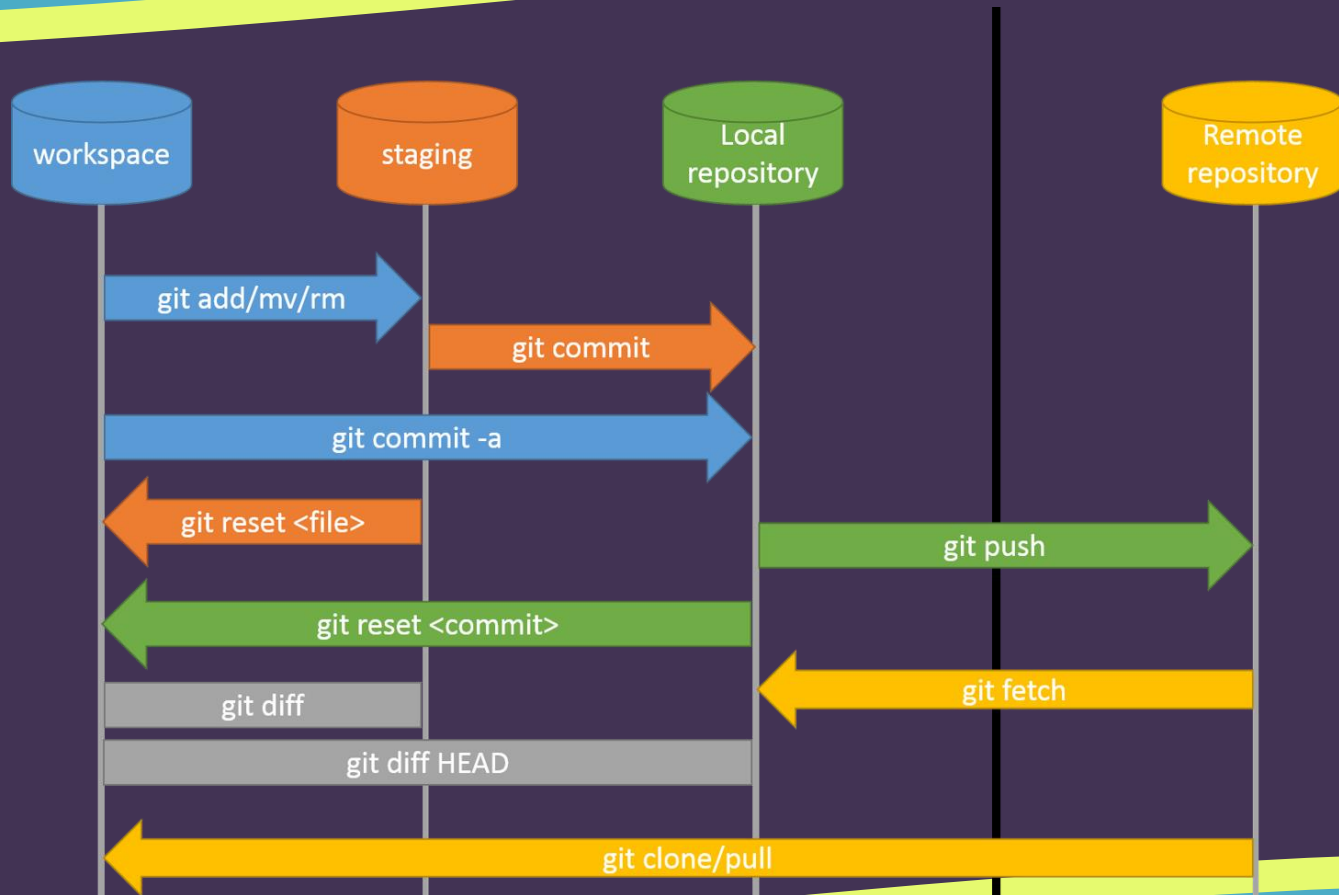

Part 2

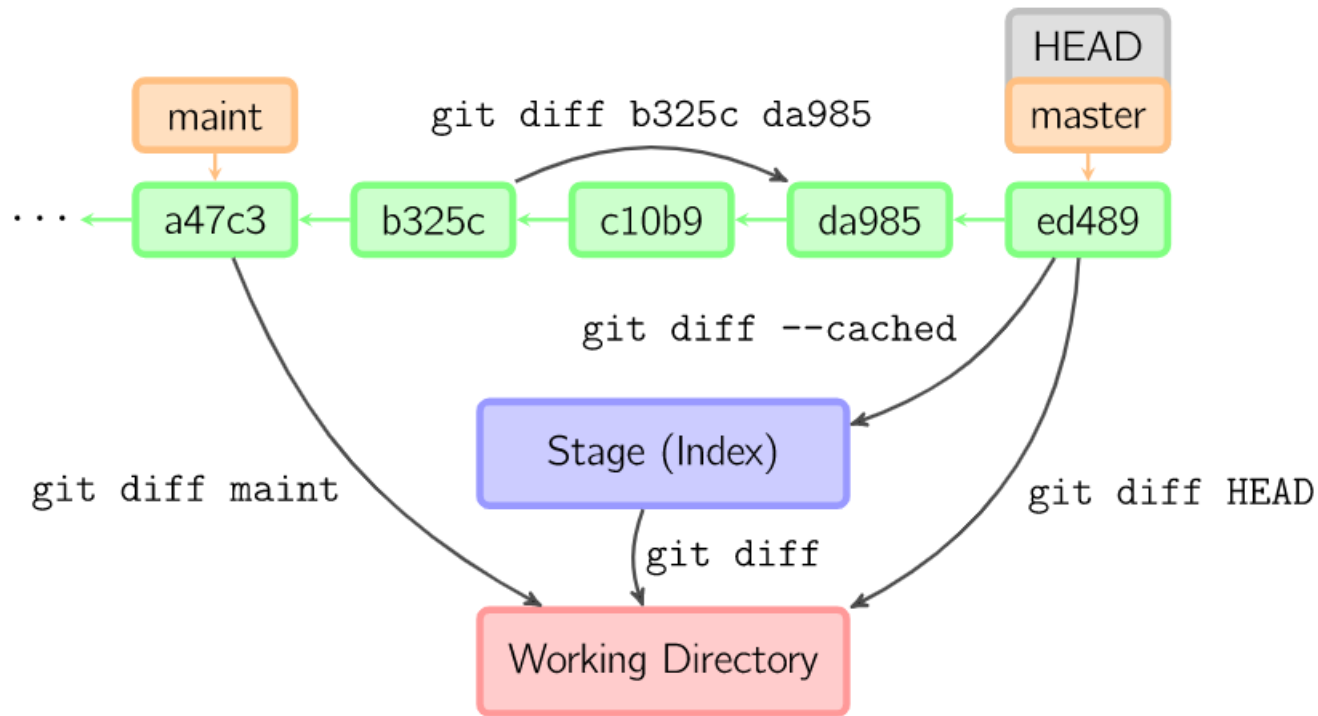

Git installation

<https://git-scm.com/downloads>

Git states

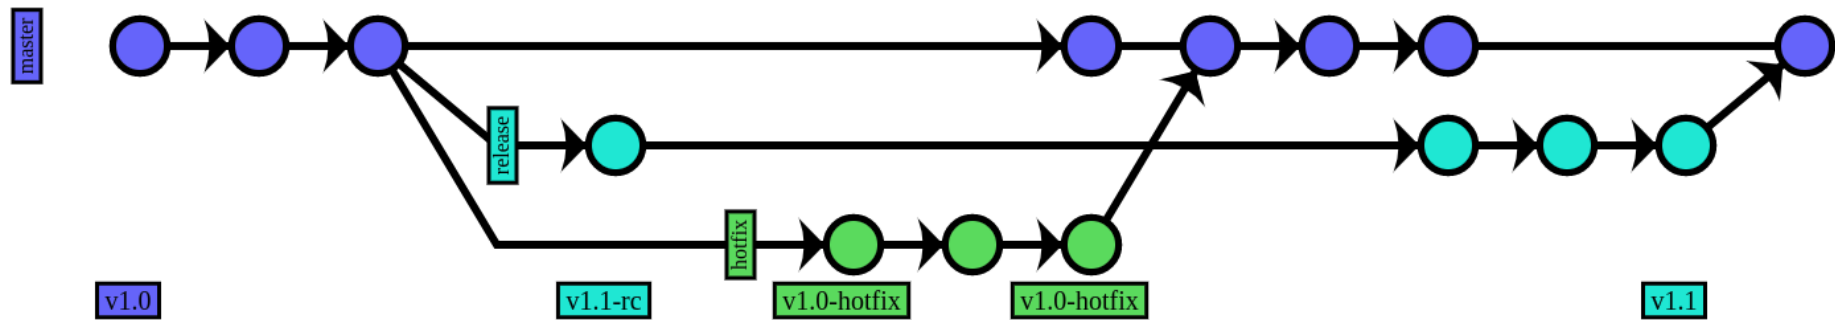

Git head

common git commands

Git branch

Deeper in git Part 3
